

Ryan Joseph Tapp
Memorial Scholarship Program

Ryan Joseph Tapp was born on September 26, 1991. At the age of four he was introduced to soccer and it quickly became his passion. He played soccer for 14 years, both in high school (Tara High School and Dutchtown High School) and for Baton Rouge Soccer Association and Baton Rouge Soccer Club. Ryan graduated from Dutchtown in May of 2010 and in May of 2011 he fulfilled his goal of enlisting in the U.S. Navy. Tragically, his life ended on June 2, 2011, a few months before he was scheduled to leave for basic training. Because of Ryan's love for soccer and his compassionate nature, this program was established to provide scholarships to children who have a desire to play soccer but whose families are unable to pay the associated fees. Through this endeavor we not only honor Ryan and preserve his memory, we also provide an opportunity for other children to develop the same commitment and dedication that Ryan had for a sport he loved so dearly.
